

CALL FOR PAPERS

ICRC 2021
Dec 09-10, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRC 2021 : International Conference on Ratio Control is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Ratio Control. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ratio control	Feedforward and ratio control
Ratio control architecture	Ratio control system design and application
Ratio control systems and applications	Ratio control of discrete-time systems
Ratio control systems in blending operations	Digital ratio control
Ratio control in industrial automation and mechatronics
