

CALL FOR PAPERS

ICSCA 2021
Dec 09-10, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSCA 2021 : International Conference on Sulfur Chemistry and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sulfur Chemistry and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sulfur chemistry
Sulfur compounds
Organic sulfur chemistry
Synthesis and reactions of sulfur compounds

Mechanisms of reactions of sulfur compounds
Sulfur and sulfur related materials in engineering applications
Sulfur, health, safety and security considerations
