

CALL FOR PAPERS

ICSCDFD 2021
Dec 09-10, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSCDFD 2021 : International Conference on Structural Concrete Design and Flexural Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Structural Concrete Design and Flexural Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Structural concrete design
Reinforced concrete mechanics
Lightweight concrete
Heavyweight concrete
High-strength concrete

Reinforcing steel
Proportioning and mixing concrete
Flexural design
Shear and torsion
Two-way systems definition and design procedures
