

# CALL FOR PAPERS

**ICAVET 2021**  
**Dec 02-03, 2021**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAVET 2021 : International Conference on Advancements in Vehicle Engineering and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advancements in Vehicle Engineering and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in vehicle engineering  
Terramechanics  
Vibration control  
Energy harvesting  
Structural dynamics  
Bio-dynamics  
Ride analysis  
Suspension dynamics

Robust controller for road/off-road vehicles  
Smart materials in vehicle dynamics  
Intelligent and autonomous vehicle driving/control  
Alternative fuels  
Automotive emissions  
Diesel engines  
Combustion modelling including Internal combustion engines
