

CALL FOR PAPERS

ICBN 2021
Dec 27-28, 2021
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBN 2021 : International Conference on Biosensors and Nanobiotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biosensors and Nanobiotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biosensors and Nanobiotechnology
Nanotechnology
Nanomaterials and Nanocomposites
Optical and Electronic Materials
Nano-Bio-Computing
Nanobiotechnology
Biosensors
Bioelectronics and diagnostics
Biorobotics

Biomedical Image Analysis
Bionics
Neural Networks
Artificial Intelligence
Data Mining in Pattern
Recognitions
Mobile Computing
Automation Science and Engineering
Nano-scale Automation
