

CALL FOR PAPERS

ICCSBE 2021
Dec 27-28, 2021
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSBE 2021 : International Conference on Civil, Structural and Building Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Civil, Structural and Building Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architectural Engineering and
Design Management
Architecture and Design Management
Architecture and Sustainable
Construction
Building Daylight Modelling
Building Energy Research
Building Energy Systems
Building Optimization
Building Performance Analysis
Building Performance Modelling
Building Physics
Building Services Engineering
Commercial Management and Quantity
Surveying
Construction Engineering Management

Construction Informatics
Construction Law
Construction Management
Construction Sociology
Data Acquisition and Materials
Testing
Engineering Geology
Engineering Surveying
Environmental Hydrodynamics
Geomatics
Geomechanics
Geotechnical Engineering
Geotechnics
Ground Engineering
