

CALL FOR PAPERS

ICGC 2021
Dec 27-28, 2021
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGC 2021 : International Conference on Grids and Clouds is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Grids and Clouds. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Grids and Clouds Systems and Applications
Physics and Engineering Applications
Biomedicine and Life Sciences Applications
Earth, Environmental Sciences and Biodiversity Applications
Humanities and Social Sciences Application
Virtual Research Environment
Data Management

Big Data
Infrastructure and Operations Management
Infrastructure Clouds and Virtualisation
Interoperability
Business Models and Sustainability
Highly Distributed Computing Systems
High Performance and Technical Computing
