

CALL FOR PAPERS

ICMEM 2021
Dec 27-28, 2021
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMEM 2021 : International Conference on Mechanical Engineering and Mechatronics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mechanical Engineering and Mechatronics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mechanical Engineering
Aerodynamics
Aerospace Systems and Technology
Applied Mechanics
Automation
Biomechanics
Computational Fluid Dynamics
Design and Manufacturing
Energy Management
Fluid Dynamics
Fuels and Combustion
Green Manufacturing
Heat and Mass Transfer

Industrial Tribology
Instrumentation and Control
Internal Combustion Engines
Mechatronics
Micro-Machining
Modeling of Processes
Nano- Technology
Optimization of Systems
Renewable and Non-Renewable
Energies
Reverse Engineering
Robotics
Solid Mechanics
