

CALL FOR PAPERS

ICSIVP 2022
Jan 11-12, 2022
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSIVP 2022 : International Conference on Signal, Image and Video Processing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Signal, Image and Video Processing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Signal and image processing
Applied digital signal processing
Audio, image, video processing
Coding and transmission
Computer graphics and visualization
Computer vision
Digital signal processing in
communications
Emerging technologies
Emerging technologies in digital
signal processing
Image and signal processing
applications
Image acquisition and display
Image and video processing and
analysis
Image formation

Image scanning, display, and
printing
Machine learning, computer
graphics, biological vision
Storage and retrieval
Multimedia
Digital multimedia broadcasting
Education and training
Multimedia analysis and internet
Multimedia and artificial
intelligence
Multimedia applications
Multimedia communication and
networking
Multimedia content understanding
Multimedia databases and file
systems
Multimedia human-machine interface
and interaction
