

CALL FOR PAPERS

ICCPCM 2022
Jan 21-22, 2022
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCPCM 2022 : International Conference on Corrosion Prevention, Control and Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Corrosion Prevention, Control and Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Integrity Management
Internal Corrosion
Impact Assessment
Pipeline Integrity
Coatings and Applications

Corrosion in the Marine Industry
Corrosion in the Refining Industry
Corrosion in Concrete
Cathodic Protection
