

CALL FOR PAPERS

ICFBC 2022
Jan 14-15, 2022
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFBC 2022 : International Conference on Forestry, Biodiversity and Conservation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Forestry, Biodiversity and Conservation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Forest biodiversity
Biodiversity conservation
Biodiversity management
Forest biodiversity and
conservation
Forest ecology and ecosystem
services

Forests and forest products
Sustainable forest management
Restoration ecology
Non-timber forest products
