

CALL FOR PAPERS

ICSFSIFE 2022
Jan 14-15, 2022
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSFSIFE 2022 : International Conference on Sustainable Food Systems in Italy and Food Education is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainable Food Systems in Italy and Food Education. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Evaluation of local food policies:
urban food strategies, food
councils and other governance
arrangements

The role of food movements,
alternative food networks,
resilient practices from below in
urban and peri-urban contexts

The role of rural agriculture and
sustainable food supply chains in
the reconstruction of local food
systems

New socio-technical arrangements
for sustainable food markets

From “food consumption” to
“food citizenship”:
initiatives, perspectives, problems
and analysis
Best practices in food education
for a sustainable food system
Interactions between food and
migration
