

CALL FOR PAPERS

ICWECT 2022
Jan 14-15, 2022
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWECT 2022 : International Conference on Wind Energy Conversion Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wind Energy Conversion Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Wind energy conversion systems
Wind energy conversion technologies
Wind machine design
Wind turbine aerodynamics
Power generation system

Wind turbine generators in hybrid power systems
Wind energy integration
Wind turbine technology
Environmental effects
