

CALL FOR PAPERS

ICCEES 2022
Jan 28-29, 2022
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEES 2022 : International Conference on Civil Engineering and Earth Science is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Civil Engineering and Earth Science. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Civil and Structural Engineering
Bridge Engineering
Building Structure and Bridge Engineering
Building Technology
Cartography and Geographic Information System
Coastal Engineering
Computational Mechanics
Construction and Control
Detection and Transformation
Disaster Prevention and Mitigation
Engineering Management
Environment-Friendly Construction and Development
Geological Engineering

Geotechnical Engineering
Harbor Engineering
Heating, Gas Supply, Ventilation and Air Conditioning Works
Hydraulic Engineering
Material Quality and Control
Metallic Structures
Monitoring and Control Of Structures
Operation and Maintenance
Project Management
Reliability and Durability of Structures
Road, Bridge and Railway Engineering
Safety and Monitoring
Sanitary and Ground Water Engineering
