

# CALL FOR PAPERS

**ICDMPICIMT 2022**  
**Jan 18-19, 2022**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDMPICIMT 2022 : International Conference on Digital Media Processing for Immersive Communications and Immersive Media Transmission is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Digital Media Processing for Immersive Communications and Immersive Media Transmission. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Immersive media acquisition  
Immersive media coding  
Immersive media compression  
Immersive media filtering  
Immersive media objective quality  
evaluation  
Immersive media quality of  
experience

Immersive media signal processing  
Immersive media subjective quality  
evaluation  
Immersive media transmission  
Immersive media user experience  
Immersive media user interaction
