

# CALL FOR PAPERS

**ICACFD 2022**  
**Jan 14-15, 2022**  
**Zurich, Switzerland**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACFD 2022 : International Conference on Aerodynamics and Computational Fluid Dynamics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aerodynamics and Computational Fluid Dynamics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aerodynamics and Fluid Mechanics  
Computational Fluid Dynamics  
Experimental Aerodynamics  
Structural Dynamics and  
Aeroelasticity  
Aerospace Structures and Materials  
Aircraft Systems and Avionics  
Flight Dynamics and Control  
Aircraft Performance  
Combustion and Propulsion  
Turbomachinery  
Wind Engineering  
Air Vehicle Flight Testing

Aeroacoustics  
Near-Earth Space Physics  
Spacecraft Technologies  
UAV/MAV Design and Technologies  
Aircraft Design and Systems  
Integration  
Spacecraft Development and Flight  
Operations  
Ground and Space Antenna  
Technologies and Systems  
Aircraft Maintenance and  
Reliability  
Aerospace Engineering Education  
Student Design Competition  
Presentation  
Mission Design for Spacecraft  
Formations  
Aerospace Information Systems and  
Cyber Security
