

# CALL FOR PAPERS

**ICESE 2022**  
**Feb 15-16, 2022**  
**Istanbul, Turkey**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESE 2022 : International Conference on Environmental Science and Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental Science and Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental dynamics  
Meteorology  
Hydrology  
Geophysics  
Atmospheric physics  
Physical oceanography  
Global environmental change and ecosystems management  
Climate and climatic changes  
Global warming  
Ozone layer depletion  
Carbon capture and storage  
Biofuels  
Integrated ecosystems management

Satellite applications in the environment  
Environmental restoration and ecological engineering  
Habitat reconstruction  
Biodiversity conservation  
Deforestation  
Wetlands  
Landscape degradation and restoration  
Ground water remediation  
Soil decontamination  
Eco-technology  
Bio-engineering  
Environmental sustainability
