

CALL FOR PAPERS

ICUPPH 2022
Feb 01-02, 2022
Melbourne, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUPPH 2022 : International Conference on Urban Pests and Public Health is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Pests and Public Health. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Urban Pests and Public Health

Hygiene Pests (cockroaches, ants, bed bugs, house flies, etc.)

Structural Pests (termites, etc.)

Vertebrates (rats, mice, pigeons, etc.)

Invasive Species (mosquitoes, etc.)

Medical Entomology / Acarology

Future Pest Management

Biocide Directives

Natural Compounds

Physical Methods in Pest Management
