

CALL FOR PAPERS

ICACT 2022
Feb 22-23, 2022
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACT 2022 : International Conference on Advances in Communication Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Communication Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Semiconductor Technology
Electronic Materials
Electromagnetic Transients Programs
Communication Systems
Intelligent Systems and Approach
Information Technology Application
Control Theory and Application
Knowledge Management
Data Communication
Digital Electronics
Telecommunication Technologies
Robotics

Mechatronics
Field Theory
VLSI Technology
Embedded System
Analog and Digital devices and Services
Digital Signal Processing
Microprocessor based Technologies
Digital Communication
Digital Security
Magnetic Theory
Micro Machine
