

CALL FOR PAPERS

ICFCSPI 2022
Feb 18-19, 2022
Jeddah, Saudi Arabia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFCSPI 2022 : International Conference on Forage Crops and Soil-Plant Interaction is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Forage Crops and Soil-Plant Interaction. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Crop genetics and improvement
Production management
Forage quality
Novel crops
Soil fertility and microbiology
Soil-plant interaction

Phytopathology
Crop physiology
Modelling
Life cycle assessment
Economics and marketing
Policy
