

# CALL FOR PAPERS

**ICAMPT 2022**  
**Feb 11-12, 2022**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMPT 2022 : International Conference on Advanced Materials Processing Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Materials Processing Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Materials Processing Technology  
Materials Casting  
Materials Forming  
Materials Machining  
Surface Engineering / Coatings  
Welding and Joining  
Laser Processing Technology  
Microwave Processing of Materials  
Processing Technology for  
Functional Materials

Advanced Composite and Hybrid  
Processes  
Modeling and Simulation of  
Manufacturing Processes  
Low Cost Packaging  
Design and Behavior of Equipments  
and Tools  
Evolution of Material Properties  
Material Design of Computer Aided  
Function Test and Evaluation  
Technology  
Green Manufacturing and Processing
