

CALL FOR PAPERS

ICWCCC 2022
Feb 08-09, 2022
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWCCC 2022 : International Conference on Wetlands, Carbon and Climate Change is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wetlands, Carbon and Climate Change. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Carbon sequestration and landscape ecology
Wetlands, carbon, and climate change
Forest ecosystem structure, function, and management
Forest biomass for bioenergy

Climate change and landscape ecology
Carbon sequestration in natural and created wetlands
Tropical reforestation and climate change
