

# CALL FOR PAPERS

**ICANST 2022**  
**Feb 01-02, 2022**  
**Melbourne, Australia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICANST 2022 : International Conference on Automotive Navigation Systems and Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Automotive Navigation Systems and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Automotive navigation systems  
Car navigation and vehicle systems  
Modern car navigation systems and their features

Autonomous vehicle navigation and mapping system  
Navigation and control of automated guided vehicle
