

CALL FOR PAPERS

ICPSB 2022
Feb 01-02, 2022
Melbourne, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPSB 2022 : International Conference on Plant Stress and Biotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Plant Stress and Biotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Stress physiology and molecular
biology
Transcriptional/posttranscriptional
regulation
Traductional/posttraductional
regulation

Plant biotechnology and genetic
engineering
Bioinformatics and stress biology
