

# CALL FOR PAPERS

**ICACT 2022**  
**Feb 22-23, 2022**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACT 2022 : International Conference on Advances in Communication Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Communication Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Semiconductor Technology  
Electronic Materials  
Electromagnetic Transients Programs  
Communication Systems  
Intelligent Systems and Approach  
Information Technology Application  
Control Theory and Application  
Knowledge Management  
Data Communication  
Digital Electronics  
Telecommunication Technologies  
Robotics

Mechatronics  
Field Theory  
VLSI Technology  
Embedded System  
Analog and Digital devices and Services  
Digital Signal Processing  
Microprocessor based Technologies  
Digital Communication  
Digital Security  
Magnetic Theory  
Micro Machine
