

CALL FOR PAPERS

ICCBARHICCB 2022
Feb 25-26, 2022
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCBARHICCB 2022 : International Conference on Community-Based Approaches for Reducing Health Inequities and Community Capacity Building is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Community-Based Approaches for Reducing Health Inequities and Community Capacity Building. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Health promotion
Disease prevention
Health equity
Social determinants of health
Empowerment

Participatory action research
Community capacity building
Racism and health
Community engagement
