

# CALL FOR PAPERS

**ICICIT 2022**  
**Mar 11-12, 2022**  
**Miami, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICICIT 2022 : International Conference on Intelligent Caching and Indexing Techniques is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Intelligent Caching and Indexing Techniques. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Intelligent caching  
Web content caching and distribution  
Intelligent caching in data virtualization  
Intelligent caching for mobile communication networks  
Intelligent web proxy caching approaches  
Intelligent caching and retrieval mechanisms

Intelligent caching management systems  
Intelligent caching for performance  
Intelligent caching to optimize frequent user queries  
Intelligent caching to minimize source system impact  
Intelligent caching to protect against intermittent system availability
