

CALL FOR PAPERS

ICSSM 2022
Mar 08-09, 2022
Bangkok, Thailand

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSSM 2022 : International Conference on Sustainable Soil Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainable Soil Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Soil management
Sustainable soil management
Land management and soil protection
Principles of soil management
Soil requirements of plantation tree crops

Soil and water conservation management
Soil fertility management
Soil acidity management
Soil water management
