

CALL FOR PAPERS

ICVVVD 2022
Mar 08-09, 2022
Bangkok, Thailand

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVVVD 2022 : International Conference on Veterinary Virology and Viral Diseases is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Veterinary Virology and Viral Diseases. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Veterinary virology
Vaccines and antivirals
Applied veterinary virology
Biotechnological applications for
veterinary virology
Diagnosis, prevention and treatment
of animal viral diseases
Viruses and tumours
Viral pathogenesis
Epidemiology of viral diseases
Deadliest and infectious viruses
Clinical virology and immunology

Molecular virology
Retrovirology: research and
treatment
Recent advances and challenges in
veterinary virology
Emerging and zoonotic viruses
Veterinary epidemiology
Evolution and genomics
Nanobiotechnology
Risk assessment and modeling
Viral immunology
