

CALL FOR PAPERS

ICAERICS 2022
Mar 22-23, 2022
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAERICS 2022 : International Conference on Applications of Evolutionary Robotics and Intelligent Computer Systems is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applications of Evolutionary Robotics and Intelligent Computer Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Robot learning
Developmental robotics
Memory and cognition systems
Cognitive systems for robotics
Artificial life
Intelligent machines
Autonomous robots
Intelligent computer network and systems
Neurocybernetics

Neuroevolution
Neuroevolution and Neural Systems
Neuroevolution and Neuroscience
Neural science and engineering
Genetic algorithms
Evolutionary robotics
Computational intelligence
Evolutionary computation
Artificial neural networks
