

CALL FOR PAPERS

ICAGBR 2022
Mar 25-26, 2022
Madrid, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAGBR 2022 : International Conference on Animal Genetics, Breeding and Reproduction is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Animal Genetics, Breeding and Reproduction. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Animal genetics
Advanced animal genetics
Animal cloning and genetic operations
Animal immunogenetics
Animal molecular genetics
Animal functional genetics
Animal genetic diversity
Animal genetic characterization

Animal gene expression and control
Animal genetics for animal treatment
Gene and protein levels of animals
Mapping of animal gene, traits and QTLs
Methods for detecting red cell antigens
Methods for detecting variants of animal proteins
Molecular genetics and animal genetics
