

CALL FOR PAPERS

ICPPP 2022
Mar 29-30, 2022
Sydney, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPPP 2022 : International Conference on Psychological Problems in Pediatrics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Psychological Problems in Pediatrics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nutrient deficiencies
Pediatric obesity
Child psychology
Pediatric behavioural studies
Pain relief therapies and management
Diagnosis and treatment in pediatrics
Non-invasive neonatology
Neonatal resuscitation
Role of progenitor cells in neonatal physiology and necrotizing enterocolitis
Neonatal nutrition

Bilirubin encephalopathy
Neonatal polycythemia
