

CALL FOR PAPERS

ICR 2022
Apr 08-09, 2022
Athens, Greece

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICR 2022 : International Conference on Refrigeration is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Refrigeration. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Refrigeration Systems and Technologies
Cryophysics, cryoengineering
Liquefaction and separation of gases
Thermodynamics and transfer processes
Refrigerating equipment
Cryobiology, cryomedicine
Food science and engineering

Refrigerated storage
Refrigerated transport
Air conditioning
Heat pumps, energy recovery
Sustainable and high performance buildings
The Environment and Refrigeration
