

# CALL FOR PAPERS

**ICAMEHP 2022**  
**Apr 29-30, 2022**  
**Jerusalem, Israel**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMEHP 2022 : International Conference on Application of Medical Ethics and Health Policies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Application of Medical Ethics and Health Policies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Genetic profiling and engineering  
Stem cell and embryo research  
Drug and medical research  
Patient and volunteer rights and consent  
Euthanasia and assisted suicide  
Application of existing law and development of new legal codes  
Conflict of law and ethics and changing scientific and social landscapes

Healthcare professional liability & insurance  
Legal profession conduct and practice  
Ethics committees and healthcare professional bodies  
Financial and economic issues  
Animal rights  
Confidentiality and electronic patient records  
Impact of business and financial interests
