

CALL FOR PAPERS

ICAWTRT 2022
Apr 29-30, 2022
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAWTRT 2022 : International Conference on Agricultural Wastewater, Treatment and Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agricultural Wastewater, Treatment and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental engineering
Water supply and treatment
Wastewater treatment
Wastewater treatment technologies
Water reclamation
Water cycle
Phase separation
Sedimentation, filtration and
oxidation
Wastewater treatment plants
Tertiary treatment
Industrial wastewater treatment
plants
Agricultural wastewater treatment
plants
Wastewater management systems

Industrial wastewater
Leachate treatment plants
Solid waste management
Environmental impact assessment and
mitigation
Air pollution management
Environmental protection agency
Protecting the environment by
reducing waste and pollution
Improving environmental conditions
Technologies and processes that
control pollution
Prevent, control and remediate
environmental hazards
Waste treatment
Site remediation
Pollution control technology
