

CALL FOR PAPERS

ICBEGD 2022
Apr 29-30, 2022
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBEGD 2022 : International Conference on Biomedical Engineering and Gene Delivery is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomedical Engineering and Gene Delivery. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mechanobiology
Biomedical Devices and Diagnostics
Biomedical Robotics and Embedded Systems
Biomedical Technology Innovation and Translation
Musculoskeletal Biomechanics
Neurotechnology and Neural Engineering
Ocular Bioengineering
Prosthetics
Precision Medicine
Pulse Wave Analysis
Rehabilitation Engineering
Skin Bioengineering
Biomedical Imaging

Biomaterials
Biomechanics
Biomedical Engineering Education
Biosensors and Biomedical Signal Processing
Cancer Engineering
Cardiovascular and Lymphatic Bioengineering
Dental Bioengineering
Digital Health Engineering
Engineering Drug and Gene Delivery
Engineering for Aging and Healthy Living
Experimental models of disease/injury
Gait Analysis and Human Movement
Functional Bionanomaterials
