

CALL FOR PAPERS

ICCDTF 2022
Apr 29-30, 2022
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCDTF 2022 : International Conference on Cue Dependent Theory and Forgetting is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cue Dependent Theory and Forgetting. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cue-dependent forgetting
Semantic cues
State-dependent cues
Context-dependent cues
Free recall

Prompted (cued) recall
Relearning method
Recognition
Other theories of forgetting:
organic causes and interference
theories
Impairments and lack of forgetting
