

CALL FOR PAPERS

ICEESE 2022
Apr 29-30, 2022
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEESE 2022 : International Conference on Electrical, Electronics and Systems Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electrical, Electronics and Systems Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electrical, Electronics and Systems Engineering
Computer Systems Engineering and Technology
Computer Science, Electrical and Electronics Engineering
Computer Science and Systems Technology
Computer Science and Electronics Engineering
Computer Networks and Communications Engineering
Adaptive and Non-Adaptive Filtering and Implementations Applications
Biomedical Signal and Image Processing
Cognitive, Cellular, and Heterogeneous Wireless Networks
Communications Receivers
Computer Networks and Security
Control Applications

Control design methods
Control System Modeling and Identification
Digital Communications
Discrete and Hybrid systems
DSP For Communications
Electrical Machines and Drives
Grid and Cloud Computing
Image Processing
Mobile and Wireless Communications
Mobile Computing and Communication Networks
Multimedia, Real-Time Networking, and Network Modeling
Network Algorithms and Performance Evaluation
Network Architectures and Clean-Slate Designs
