

CALL FOR PAPERS

ICFPTSE 2022
Apr 29-30, 2022
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFPTSE 2022 : International Conference on Food Processing Technology, Systems and Equipment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Processing Technology, Systems and Equipment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food processing
Transformation of raw ingredients
Food processing technology
Food processing systems
Analysis
Processing equipment
Food quality
Quality management
Manufacturing
History
Benefits and drawbacks
Benefits
Drawbacks

Performance parameters for food processing
De-agglomerating batter mixes in food processing
Trends in modern food processing
Health
Hygiene
Efficiency
Industries
Mincing and macerating
Liquefaction, emulsification and cooking
Produce marketable food products
Food preservation
Food preservation methods
Food preservation techniques
