

# CALL FOR PAPERS

**ICISDE 2022**  
**Apr 29-30, 2022**  
**Jerusalem, Israel**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICISDE 2022 : International Conference on Industrial Systems and Design Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial Systems and Design Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial Design  
CAD/CAM/CAE  
Computer-Aided Industrial Design  
Virtual Design and Design  
Visualization  
Production planning and control  
Facilities Planning and Logistics  
System Application  
Intelligent Design  
Applications of AI Techniques in  
Design and Manufacturing  
Car Design  
Usability Design  
Automobile structure  
Transportation Systems  
Design for Environment

Design for Manufacturing and  
Assembly  
Digital Human Technique and Its  
Applications  
Man-Machine Interface Design  
Design and Manufacturing  
Machine Applied  
Mechanical Design and Application  
Human-Machine Engineering  
Kansei Engineering  
Concurrent Engineering  
Engineering and Automation  
Mechanical Engineering  
Manufacturing Engineering
