

# CALL FOR PAPERS

**ICPMG 2022**  
**Apr 29-30, 2022**  
**Jerusalem, Israel**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPMG 2022 : International Conference on Polar Microbiology and Glaciology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Polar Microbiology and Glaciology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Polar microbiology  
Polar microbial biodiversity  
Polar biogeochemistry  
Polar biogeography  
Polar microbial biotechnology  
Polar evolutionary biology

Polar microbial genetics, genomics  
and proteomics  
Polar microbiology  
Polar molecular biology  
Polar molecular ecology  
Polar microbial physiology and  
metabolism
