

CALL FOR PAPERS

ICSFMLP 2022
Apr 29-30, 2022
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSFMLP 2022 : International Conference on Sustainable Farm Management and Livestock Production is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainable Farm Management and Livestock Production. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Precision Crop Production	Renewable Energy
Sustainable Farm Management	Climate Control in Livestock
Harvesting, Processing, Storing and Transport	Production
Biogas and Pyrolysis Gas	Management of Agricultural Waste
Liquid Biofuels	Food Science and Technology
Postharvest Handling Systems	Ergonomics and Ergodesign
Bioenergy and Biofuels	Agricultural Engineering
Vehicles and Fuels	Precision Agriculture
Postharvest Losses and Food Waste	Livestock Technology
The Agri-Food Chain and	Production Engineering
Agricultural Ict Policy	Automation Technology
Semantic Interoperability and	Agricultural Economics
Knowledge Management	Employee in Agriculture And
Artificial Intelligence, The Cloud,	Digitalisation
Big Data, Analytics and	
Visualization
