

CALL FOR PAPERS

ICAMSSA 2022
Apr 08-09, 2022
Athens, Greece

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMSSA 2022 : International Conference on Applied Mechanics, Mechanical Systems and Structural Analysis is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applied Mechanics, Mechanical Systems and Structural Analysis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mechanical engineering
Applied mechanics
Practical application of mechanics
Design
Applied mechanics in practice
Examples of applications
Acoustics
Analytical mechanics
Computational mechanics
Contact mechanics
Continuum mechanics
Dynamics (mechanics)
Elasticity (physics)

Experimental mechanics
Fatigue (material)
Finite element method
Fluid mechanics
Fracture mechanics
Laws of Mechanics
Mechanics of materials
Mechanics of structures
Rock mechanics
Rotordynamics
Solid mechanics
Soil mechanics
