

CALL FOR PAPERS

ICMAT 2022
Apr 22-23, 2022
Boston, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMAT 2022 : International Conference on Modern Architectural Theory is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Modern Architectural Theory. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Individual buildings and building types
History of architecture and the built environment
Architectural theory
Developments in construction
Town planning
Allied arts such as painting and sculpture
Social Research examines the people who inhabit and use the spaces of architecture

Technological Research studies the physical materials, methods, elements, systems, and science of architecture and the design and construction processes
Environmental Research investigates the physical context of architecture, opening timely questions about the influence of society on environment
Cultural Research studies place-making and the norms of the inhabitants of natural and built places past, present, and future
Organizational Research examines the ways in which individuals and teams collaborate in the practice of architecture and in the client organizations
Design Research considers the processes of shaping and making of places
Educational Research examines the pedagogies of architecture and related fields
