

CALL FOR PAPERS

ICMHNTM 2022
Apr 05-06, 2022
Cancun, Mexico

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMHNTM 2022 : International Conference on Mental Health Nursing and Therapeutic Models is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mental Health Nursing and Therapeutic Models. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Psychiatric nursing	Legal and ethical considerations
Mental health nursing	Assessment
Psychiatric-mental health care	Interventions
Therapeutic models	Physical and biological interventions
Biological-behavioral models	Psychiatric medication
Roles and responsibilities	Electroconvulsive therapy
Foundations of psychiatric nursing	Physical care
Therapeutic communication	Psychosocial interventions
Communication patterns	Spiritual interventions
Therapeutic communication techniques	Therapeutic relationship
Nurse-client interaction	Therapeutic relationship aspects of psychiatric nursing
Cultural and ethnic considerations	Understanding and empathy
Critical thinking and cultural competence	Individuality
