

CALL FOR PAPERS

ICITSD 2022
Apr 15-16, 2022
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICITSD 2022 : International Conference on Information Technologies for Sustainable Development is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Information Technologies for Sustainable Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Information Technologies for Sustainable Development
Algorithms and Techniques
3G & 4G Mobile Communication Services
Agents and Multi-Agents systems for ICT Integrated Circuits for communications
Antennas & Propagation
Automation, Control and Robotics
Bioinformatics and Bioengineering
Biosignal Processing
Business Information Systems
Broadband & Intelligent networks
Computational Intelligence
Communication Systems
Data Base Management

Data Mining and Data fusion
E-Commerce & E-government
E-Health & Biomedical applications
E-Learning & E-Business
Emerging technologies & Applications
Fuzzy, ANN & Expert Approaches
Grid and Cluster Computing
ICT & Banking
ICT & Education
ICT & Intelligent Transportation
ICT in Environmental Sciences
Image Analysis and Processing
Image & Multimedia applications
