

# CALL FOR PAPERS

**ICCSTASCA 2022**  
**Apr 04-05, 2022**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSTASCA 2022 : International Conference on Cloud Systems, Technologies and Applications for Smart City Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cloud Systems, Technologies and Applications for Smart City Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Smart mobility  
Smart energy grids  
Smart homes  
Internet of things  
Smart and intelligent urban data analytics  
Context aware systems for smart cities  
Smart cities big data management  
Smart cities data analytics  
Data harmonization, integration and processing

Smart urban governance  
Smart health  
Software technologies for smart cities  
Environmental modelling and applications  
Smart cities cross-thematic applications  
Public participation and crowd sourcing  
Smart buildings and BIM  
Connected living labs  
Smart data security and privacy aspects
