

CALL FOR PAPERS

ICWCN 2022
Apr 04-05, 2022
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWCN 2022 : International Conference on Wound Care Nursing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wound Care Nursing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Wound care nursing
Wound management
Wound therapy technologies
Assessing and planning individualized care
Principles of wound interventions
Wound care in the baby and young child

Wound care in teenagers
Wound care in adults
Wound care in the middle-aged individual
Wound care in the elderly individual with a pressure sore
Wound care in the elderly individual with leg ulceration and malignancy
