

CALL FOR PAPERS

ICAEFTFLV 2022
Apr 29-30, 2022
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAEFTFLV 2022 : International Conference on Aerospace Engineering, Flight Technology and Flying Vehicles is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aerospace Engineering, Flight Technology and Flying Vehicles. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aerospace engineering
Development of aircraft and spacecraft
Flight technology
Flight vehicle aerodynamics
Flight vehicle classification
Airship (aerostatic craft)
Airplane (aerodynamic craft)
Fixed wing airplane
Rotary wing airplane
Mixed fixed-rotary airplane
Surface-effect craft
Rocket
Manned aerial vehicle

Unmanned aerial vehicle
Flight dynamics and control
Engineering analysis of flight vehicles
Flight vehicles
Flight vehicle performance
Flight software
Aerodynamic control
Flight test
Aircraft structures
Electrotechnology
Outer space
Rocket science
Atmospheric pressure and temperature
