

CALL FOR PAPERS

ICCATNLU 2022
Apr 29-30, 2022
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCATNLU 2022 : International Conference on Computer-Aided Translation and Natural Language Understanding is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer-Aided Translation and Natural Language Understanding. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Anaphora and Coreference	Opinion Mining and Sentiment
Resolution	Analysis
Authorship Identification,	Parsing
